

CAPABILITIES STATEMENT

About Us:

Modula designs and produces automated storage systems that dramatically boost productivity and accuracy, reduce storage spaces requirements, and enhance worker safety. The only U.S. manufacturer of vertical lift modules, Modula also offers horizontal carousels, warehouse management systems, and a host of accessories that make order picking quick and easy. Established in 1987, Modula has 9 branches worldwide, a network of 100 distributors, and factories in the United States, Italy, and China.

Modula products help:

- recover up to 90% of valuable floor space
- improve picking accuracy & productivity
- reduce the risk of injuries
- protect high value items
- real time inventory management with Modula Software
- All Modula products are manufactured in the U.S.A
